Education Programme
Activity**

Activity to support online video lesson:

Leopard vs Cheetah

1. Can you spot the 7 differences on the leopard prints?

www.capeleopard.org.za

2. Name 5 differences between a leopard and a cheetah.

3. In the video the environmental educator, Jaco, mentioned that leopard use their retractable claws for climbing trees, can you think of another purpose for their retractable claws?

4. What is the term for animals that are most active at night?

5. What is the term for animals that are most active during the day?

The Cape Leopard Trust Environmental Education Project facilitates experiences in nature that change the way young people see themselves and feel about protecting the environment. Our aim is to educate and empower young people through connecting them with nature and instilling an attitude of reverence and respect for the natural environment.
