

# Cape Town Youth Art Competition 'Nature Matters'

## THE IDEA:

We want to know what the youth of Cape Town have to say about their environment. And we want to share that with the rest of Cape Town and visitors to the Cape through a high profile art exhibition that also raises funds for the conservation and education work of The Cape Leopard Trust.

*Cape Town is world-renowned for its natural beauty. We are all part of our environment, but how connected do you feel to the natural world around you and how much do you know about what goes on in the mountains you see every day? Did you know that we have leopards here, patrolling their territories in the Hottentots-Holland mountains, gazing out across our city? Did you know that our Cape leopards are half the size of 'normal' leopards and that there are less than a thousand of them left in the world? Did you know that all the leopards have been killed out on the Table Mountain and Peninsula range and that now caracal are the top predators there? We have some amazing animals in our mountains. Do you recognise any of these:*

We invite you to celebrate and explore our environment and your relationship to it through the medium of art. Enter the Cape Town Youth Art Competition and you will stand a chance to win some amazing prizes, have your artwork displayed in a public exhibition and help raise funds for the conservation of Cape leopards!

## GREAT PRIZES TO BE WON:

Prizes will be awarded to the top 3 artists in each of the four categories below. Prize sponsors include:

**K-Way; Woolworths; Mount Nelson; Bridgestone**

The school/college/organisation whose student wins first prize will also win:

Either a Cape Leopard Trust environmental camp for 20 people in the Cederberg **sponsored by Bridgestone** or a Cape Leopard Trust outing for 20 people in the Boland or Peninsula mountains

## THE CAPE LEOPARD TRUST

The Cape Leopard Trust (CLT) is an active predator conservation NGO in the Cape. We use research as a tool for conservation, finding solutions to human-wildlife conflict and inspiring interest in conservation and the environment through our interactive and dynamic environmental education programme. Our education project includes environmental camps in the Cederberg and outings into the natural areas around Cape Town.

## CATEGORIES AND THEMES:

### Drawing/painting category

#### **A (13 years and under): 'Cape leopards and their environment'**

*Cape leopards are the top predators in the wild mountains of the Cape and therefore key to the balance of the whole ecosystem. If we protect the area for them we also protect it for all the other animals and plants in their environment. Create an artwork that celebrates Cape leopards and their world.*

#### **B (14 – 18 years): 'My Nature'**

*How is your personal nature reflected in and connected to the natural world around you? Are you alert like a klipspringer, radiant as a king protea, solid as granite? Express your personal qualities and characteristics artistically through metaphors from nature that you encounter around Cape Town.*

#### **C (19 - 25 years): 'Human-Nature relationship'**

*How do you see the relationship between humans and nature?  
Create an artwork that explores this relationship.*

### Photography category

#### **D (All ages 25 and under): 'Nature Matters'**

*Capture your thoughts/feelings about the importance of nature through a camera lens.*
